STOP Pirated Books ARE ILLEGAL!

Some bookshops, schools, parents and students are **buying and selling pirated books! KCSE setbooks and other textbooks are the most affected.** Law Enforcement Agents, Ministry of Education, Kenya Publishers Association, Kenya Copyright Board and Kenya Booksellers Association will take painful and harsh action on anyone found handling pirated books. The users listed below are particularly advised to verify the source of their orders and supplies:

- Booksellers and Bookshops
- Schools
- Printing Presses
- Students/Parents
- Street Vendors
- Libraries

The harsh action against offenders will entail:

- Prosecution leading to long jail terms, severe fines or both.
- Permanent disablement and closure in case of printing presses and bookshops.
- Blacklisting bookshops and stopping them from buying books from all publishers and wholesale book distributors.
- Delisting booksellers and suppliers from the Orange Book and banning them from supplying Government and Donor-funded school orders.
- Ministry of Education severely punishing schools and Heads of schools.

Help fight piracy by reporting suspected book pirates to the police, KPA or the affected publishing house. Don't be caught with Pirated Books! It could be your end!

**COPYRIGHT
INFRINGEMENT =
Kshs 800,000/- FINE
OR 10 YEARS IN
JAIL OR BOTH!**

REPORT PIRACY NOW!

IMPORTANT NOTICE

- Booksellers supplying educational materials to schools are reminded that they should Stamp **page 5** of books for standard **1-3** and **page13** of books for **standard 4 and above**, indicating clearly date of issue, KBSA membership number and the business name. This is an important procurement regulation and all concerned are required to comply.
- All new set books for 2017-2021 have unique security tags on the cover with a hidden sixteen digit PIN number. Buyers are directed to send the pin number via **SMS to 22776** you will receive a message confirming whether the copy bought is genuine or not. This important security feature is aimed at ensuring that schools, parents and students buy and have only genuine copies with correct content.

The printing of this Orange Book was done in partnership with Kenya Publishers Association and Ministry of Education.

FOREWORD

This guide gives the revised comprehensive list of textbooks and other instructional materials which have been approved by the Ministry of Education (MoE), for use in our **ECDE, Primary Schools, and ECDE and PTE Colleges** covering all subjects and other areas in the curriculum. This book is organized into four (4) parts, namely; Part 1: ECDE, Part 2: Primary, Part 3: ECDE Diploma and Part 4: PTE Colleges.

For the ECDE schools, the list contains titles on the following Activity Areas: Mathematics, Social Activities, Religious Activities, Life Skills development, Music and Movement Activities. For the Primary schools the list contains titles on: Book Care, Agriculture, Art and Craft, Business Education, English, Social Studies, Guidance and counselling, HIV/Aids Education, Home Science, Kiswahili, Mathematics, Physical Education, Science, Life Skills Education and General Readers. This list covers Learners' Course Books, Teachers' Guides and other instructional materials such as Reference books, Dictionaries, Atlases and Readers.

It should be noted that during the evaluation and vetting exercise, emphasis was laid on the quality and relevance of the materials to the level of the learner. Following the promulgation of the constitution, some amendments were effected on the Primary Education and Primary Teacher Education Social Studies syllabi. However, it is important to note that these amendments do not affect the curriculum content.

In view of the above, this curriculum calls for the authors to address issues of gender, environment, HIV/Aids, child rights, human rights, corruption, drug abuse, school safety, peace education among others as encapsulated in the current constitution. As the changes occur, some of the books currently in the market or in use will be rendered less appropriate.

Schools are expected to select all their books from this **Approved List** and ensure that they examine the recommended books before they make their choices. The criteria and procedures are given in the **School Textbook Management Handbook**. It is important that schools stick to the approved book policy and select only one course book per subject for each class. While the Ministry's long term policy is one book per pupil, it is recommended that in the short term, a ratio of 1 book per 3 pupils in the lower primary (1-4) and 1 book per 2 pupils in the upper primary (5-8) be used. In institutions where books were bought four years ago, there will be a need to replace the old stock in case of wear and tear.

The listing of the course books for the ECDE, Primary schools and Primary Teacher Training Colleges is done by class/level, according to the title within each subject or category of instructional materials and **DOES NOT IN ANY WAY SUGGEST AN ORDER OF PREFERENCE**.

Therefore all stakeholders are strongly advised to carefully read the instructions given therein. In addition, a list of bona fide booksellers which was provided by the Kenya Book Sellers Association is appended.

PIUS K. MUTISYA
Director of Quality Assurance and Standards
Ministry of Education

GENERAL INFORMATION

(A). INTRODUCTION

In order to effectively implement the Free Primary Education, the MoE, in consultation with its development partners, agreed on a profile of the minimum requirements for provision of school instructional materials. Funding is provided via School Instructional Materials Bank Accounts to every school.

Schools have discretion over the choice of their instructional materials but will be expected to achieve the following in their spending decisions:

- The provision of basic supplies of stationery to every student in the school
- The achievement of the basic supply targets for each of the categories of instructional materials as described in the Textbook Management Handbook

(B). STATUS OF THE APPROVED LIST

This **Approved List of Textbooks and Other Instructional Materials, Revised 16th Edition, January 2017**, contains the course books (pupil's books and teacher's guides) and other instructional materials (reference books for pupils and teachers, dictionaries, readers and other subject areas), which have successfully been vetted by the Kenya Institute of Curriculum Development. The vetting process aims at ensuring that the books follow the recommended Curriculum, are of appropriate quality and acceptable standard.

The evaluation aims at selecting books for the implementation of Curriculum and the number of course books per subject and per grade has been limited to **six**. This has been the regulation holding in the Approved List for all levels of learning.

All Public ECDE, primary and secondary schools, ECDE and Primary Teacher Training Colleges in Kenya are supplied with a free copy of the Approved List through their respective DEOs. A school can order any textbook or other instructional material that may be needed for any class and in any subject **so long as these titles/items are contained in this Approved List** of the 16th edition of 2017.

(C). LAYOUT OF THE BOOK

To make this edition of the approved list more user-friendly, it has been divided into 4 main parts;

Part 1	-	ECDE
Part 2	-	Primary
Part 3	-	ECDE Diploma
Part 4	-	PTE Colleges

These main parts are further sub-divided into sections. Within each subject / category of book titles are classified according to the following order:

(i) Class or level of learners

- The class (e.g. class 1) or group of classes (e.g. lower primary 1 - 4), followed by the next class in ascending order.
- Within each subject, the titles are arranged by class and not by the publisher.

(ii) Course Book Materials

To make it easier for reference, the course books have been clustered into groups of subjects (as illustrated in page 9 (**table I**)). It will therefore be easier for a school to order books for a particular type of subject. These textbooks are divided into pupil's books and teacher's guides.

(iii) **Non Course book Titles**

All non-course book titles have been classified into the following areas;-

- Reference materials by subject for pupils and teachers
- Supplementary Reading Books in English and Kiswahili
- Dictionaries – English, Kiswahili, Mother Tongue, Mathematics and Music
- Other Teaching/Learning Support Materials (Geography related Materials and Wall charts)

Table 1: Summary of book Categorization

Group of Subject Area	Subject Areas /Other instructional material category	Code

	Wall charts and maps	WC

(D). ORDERING FOR BOOKS

Before placing orders for course books and other instructional materials, **School Instructional Materials Selection Committees (SIMSC)** should first of all familiarize themselves with the contents of the entire booklet. It is equally important that those involved in placing textbook orders should have a good knowledge and understanding of the range of books available in the market. They should also know the names of the publishers and authors cover prices and suitability of a given title to be purchased. It is of utmost importance that, prior to placing textbook orders the **SIMSC** should familiarise themselves with the publishers' and booksellers' addresses and Code of conduct - all provided as appendices. Schools should order according to their needs by class and subjects.

SIMSC should make note of the distinctions between sections as follows:

Section 1: dealing with the **Course book** titles

Section 2: dealing with only **Reference materials**

Section 3: dealing with all **Supplementary Reading** books in both English and Kiswahili.

Section 4: dealing with **English Dictionaries and Kamusi ya Kiswahili**

Section 5: dealing with **Other Teaching Learning Materials for Learners and Teachers.**

Section 6: dealing with **digital content for Learners and Teachers**

(i) Codes

A serial number, in ascending order, is assigned to each title as the **Code**. SIMSC must ensure that appropriate Code number is entered. However, The Code does **NOT** imply merit. SIMSC should make their prudent choice.

(E). HOW SHOULD SCHOOLS SELECT THEIR INSTRUCTIONAL MATERIALS?

The Management Handbook gives a detailed step by step advice on how schools should select their instructional materials. Nevertheless, here is a summary of the steps to be taken and the traps to avoid:

i) The Procedure

- The school should set up a School Instructional Materials Selection Committee (**SIMSC**) and list the members of the committee in the Minute Book.
- Subject teachers must be involved in selecting the books.
- The SIMSC should first make a list of the textbooks, teachers' guides and other instructional materials that are already in the school so that the most urgent priorities for new books can be decided.
- The SIMSC should study the present MoE Approved List, or any additional circulars on the textbooks, to determine which books and other instructional materials to purchase. It should be noted that **no books/items outside the Approved List issued by MoE can be purchased using funds given to schools**. Beware of "false" Approved Lists: some have been known to be in circulation by Publishers.
- When the SIMSC have all the information that they want, another SIMSC meeting should be called to decide on the books/items to order.
- The total cost of the selected items must **NOT** be more than the budget that the school has been allocated.
- All the decisions on selection should be recorded in the SIMSC Minute Book which must be signed by the Secretary and the chairperson of the SIMSC.

ii) Textbook selection advice and Criteria

Although all the books in the MOE Approved List have been vetted by K.I.C.D. subject panels, the school will still need to consider the following factors in relation to their own requirements:

Syllabus Coverage

Does the content of the book fully cover the syllabus in that subject?

Does the content meet the objectives of the syllabus?

Content of Books

How appropriate is the vocabulary and general language level?

Is the presentation of topics clear and easy to understand?

Are the content and activities relevant to the children's needs and interests?

Does the teachers' guide fit the needs of your teachers? Does it provide good ideas that can be easily introduced into classes?

Illustrations and Layout

Are the illustrations clear, appropriate and attractive?

Do they contribute to learning?

Is the page attractively laid out?

Is the printing clear?

Is the size of the book appropriate? (e.g. large size textbooks are sometimes difficult if a school doesn't have enough desks and Carehairs for students to use)

Exercises and Activities

Are the exercises and activities clear?

Do they encourage pupils to think for themselves and apply their knowledge?

Do they contribute to the learning process?

Are they varied?

Do they include sufficient problem-solving activities?

Are they appropriate and relevant?

Are they interesting and motivating?

Is there sufficient number of activities?

Do the activities encourage the development of different skills and attitudes?

Do the exercises/activities encourage children to work both on their own and in groups?

Price

Is the price reasonable?

Durability

How strong is the binding?

How strong is the paper and the cover?

How well is the cover finished?

Overall Assessment

What are the books' strong points?

What are the books' weak points?

How well do they compare with other books on the Approved List?

PART ONE

EARLY CHILDHOOD DEVELOPMENT EDUCATION (ECDE) ACTIVITY AREAS

SECTION 1: COURSE MATERIALS FOR PUPILS AND TEACHERS

APPENDIX 2: PUBLISHERS' CODE OF CONDUCT

This Code of Conduct is designed to ensure that unacceptable pressure is not brought to bear on schools during marketing and sales visits by publishers and/or their representatives. Publishers and their representatives will be required to abide by the following Code of Conduct during all school visits or promotional workshops

Publishers and their representatives will approach every school with integrity and with a proper concern for the education of the pupils. Thus, they will not attempt to halt, interrupt or curtail lessons in order to meet Teachers

1. Publishers representatives will always carry identification on visits to schools so that schools know the name of the representative and the contact address of the publishing company
2. Publishers will always inform the appropriate Sub- County Education Office (SCEO) of the schools that they intend to visit prior to the visits taking place
3. Any workshops, exhibitions or seminars proposed by a publisher or group of publishers, which comprise more than one school from a district must be approved by the SCEO in advance
4. Publishers representatives will always sign the school visitors book in a legible fashion so that there is a record of their visit
5. Publishers will not offer cash nor provide financial or any other inducements to Teachers or schools in pursuit of orders
6. Promotional materials given away free to schools will be restricted to materials of educational interest or value or to low value promotional items, which clearly bear the name of the publisher e.g. brochures, catalogues, plastic carrier bags, pens, pencils, calendars, diaries, posters, charts or maps etc.
7. Publishers will not harass or pressurize Teachers in pursuit of orders
8. Publishers will not make false or derogatory statements about the textbooks of competing and rival publishers
9. Publishers will always concentrate more on the strong points of their own titles. If it is necessary to identify weaknesses in competing titles, these will be presented in a reasonable and objective way.
10. Publishers will not attempt to pass off non-evaluated or non-approved titles as 'approved' or 'recommended'.
11. Publishers will not be present when schools are filling in or making-up their order forms
12. Publishers will not seek to look at the completed, or partially completed, order forms of any school
13. Publishers will respect the selected titles by the School Instructional Materials Selection Committee (SIMSC)
14. The terms and conditions under which any sample copies are provided must be made clear to all schools, preferably in writing. Schools should not be given sample copies, which publishers then invoice and refuse to accept back. All sample copies must be returnable without payment at the discretion of the Teacher within the examination period established in writing by the publisher. All schools should be able to ask for a printed hand-out that specifies clearly the inspection copy policy of the publisher.
15. Publishers representatives, when visiting schools, must always carry a copy of this Code of Conduct and must make a copy available to any school on request

Schools should notify their district education office in the event that any publishers' representative breaches any of the undertakings specified above.

APPENDIX 3: BOOKSELLERS' CODE OF CONDUCT

This Code of Conduct is designed to ensure that unacceptable pressure is not brought to bear on schools during marketing and sales visits by booksellers and/or their representatives. All members of the KBSA, who intend to operate as suppliers to schools, undertake to abide by the following Code of Conduct in their dealings with schools. School booksellers will:

1. Operate from permanent premises
2. Carry identification when visiting schools
3. Always inform the appropriate Sub-County Education Office (SCEO) of the schools that they intend to visit prior to the visits taking place
4. Always sign the school visitors book in a legible fashion so that there is a record of their visit
5. Not interrupt lessons when visiting schools
6. Not harass or pressurize Teachers in pursuit of orders
7. Sell all titles in the approved and recommended list at no more than the listed maximum retail prices
8. Maintain the prices listed in the Orange Book during the school year unless authorized to increase or decrease prices as the result of a notification from the MoEST in writing
9. Maintain a collection of sample copies of approved instructional materials to enable schools and Teachers to examine alternative textbooks
10. Supply any title included in the approved and recommended list
11. Not deal in or supply stolen or pirated books
12. Not offer any cash or financial inducements to officials, Teachers or schools as a means of winning school supply contracts
13. Provide their terms of supply to schools in writing
14. Sign a supply contract and abide by the terms of the signed contract with all schools who wish to use their services
15. Rectify any supply errors as soon as possible without charge to the school
16. **Stamp** page 5 of books for standard 1-3 and page 13 of books for standard 4 and above, indicating clearly date of issue, KBSA membership number and the business name.

The officially approved instructional material suppliers should recognize that any significant breach of the Code of Conduct specified above could lead to the removal of a supplier from the approved list, and may be barred from supplying materials in future.

Say **NO** To Piracy

All genuine new setbooks approved by KICD (2017-2021) have security tags on the covers with hidden 16-digit PINs.

To verify whether the book is genuine, follow these steps:

1. Upon purchase, scratch the panel on the cover to reveal a sixteen PIN number.
2. Send an SMS of the PIN number to **22776**. (Free-of-charge).
3. You will instantly receive an SMS confirming if the book is genuine or not.
4. If the book is not genuine, kindly return to the bookseller and demand a refund.

Scratch to verify. Kenya: SMS PIN to
22776 (free) www.chktag.com
